

**B** Jennifer H Clark  
Original Paintings

**About**  
In my straw-bale studio are paintings inspired by the beauty of West Grey. Throughout the seasons our fens, woods and rivers provide endless ideas for exploration through colour. I have a background in ceramics and a love of form and texture. My oil paintings on canvas or wood are created with unique sculptural frames as well as traditional frames in wood.

**H** Barbara Hotson Watercolours  
Applegate Farm

**About**  
Welcome to our Century Swing Beam Barn! (Not sure what a swing beam is? Come and find out!) While you are marveling at the light coming through the barn boards, explore the barn and enjoy the paintings. I have recently begun to paint on watercolour canvas in addition to traditionally framed paper. Local landscapes have long been my inspiration while trips to the beach have prompted the waterscapes. You'll also find unframed teaching demos, souvenir posters and framed pen and ink sketches with watercolour. My work has been called "luminous and magical". I hope you will agree.
